THE ENVIRONMENT,
CLIMATE CHANGE,
ENERGY AND WATER

Mr Jason Julius
John Holland Pty Ltd
PO Box 4218
Weston Creek ACT 2611

Dear Mr Julius

Regarding John Holland Pty Ltd's Waterway Works Licence WC880 for the Murrumbidgee to Goongong pipeline (M2G) project and the request of 14 October 2010 to vary this licence.

Waterway Works Licence WC880 has been amended to accommodate removal of river sand from Angle Crossing for eductor testing purposes. A copy of the amended licence is attached.

You may not commence other waterway activities under Waterway Works Licence WC880 until the Environment Protection Authority has agreed to your forthcoming construction environmental management plans as detailed in Licence Conditions.

Please read carefully the conditions of your licence. Waterway Works Licence WC880 does not negate other relevant planning controls and guidelines that may apply to the property or legislative requirements such as those that may be necessary under the *Environment Protection Act 1997*.

If you have any questions regarding the licence or any related matter, please contact Tom Nilsen on telephone 62071354 or e-mail tom.nilsen@act.gov.au.

Yours sincerely

Peter Donnelly
Delegate, Environment Protection Authority

29 October 2010

AUSTRALIAN CAPITAL TERRITORY

Waterway Works Licence

Water Resources Act 2007

Licence Number: WC880

Under Division 5.4 of the Water Resources Act 2007, the person whose name appears below is granted a licence to do waterway work at the location indicated, subject to the conditions listed.

1- Licence Holder

Name: Jason Julius Business Name: John Holland Pty Ltd
Address: Mt Stromlo Road, Stromlo
Postal Address: PO Box 4218, Weston Creek, ACT, 2611

2- Structure Details

Easting: multiple Northing: multiple
Capacity: pump capacity to be advised
Comment: Murrumbidgee to Googong pipeline

Location of proposed work:
Murrumbidgee River - Pump station immediately upstream of Angle Crossing on right bank; Eductor pipe station immediately downstream of Angle Crossing on right bank.
Minor tributaries along pipeline path - 691445E 6060244N, 693232E 6060620N, 693446E, 6060568N.

Property Details

Property Address: Suburb:
Property Name: M2G pipeline
WMA: Upper Murrumbidgee

District	Division	Block	Section
Tuggeranong		1161	
Tuggeranong		119	
Tuggeranong		1572	
Tuggeranong		1674	
Tuggeranong		1675	

Licence Conditions

- 1 This licence is valid until 30 September 2012. The licence holder may apply to the Environment Protection Authority to extend this period.
- 2 Waterway works permitted under this licence include 'removal of river sand for testing eductor (Environmental Work Method Statement BWA-M2G-EN-EWMS-14-0)'. The licence holder is to measure turbidity of water quality at the location of eductor testing, and upstream and downstream of the location of eductor testing, and report this information to the Environment Protection Authority within 14 days of eductor testing.
- 3 The work is to be undertaken in such a manner to minimise any erosion or sediment loss from the site and disturbed land is to be stabilised as soon as possible after work is completed.
- 4 It is the licence holder's responsibility to ensure that the structure is properly and safely constructed and maintained so that it does not pose a risk to persons or property.
- 5 Low flows must be able to pass through Angle Crossing.
- 6 No other waterway works associated with Murrumbidgee to Googong Pipeline may occur under this licence, with exception of activities specified in Licence Condition 2. The licence holder must otherwise apply to ammend this licence and supply adequate details for consideration by the Environment Protection Authority.

- 7 At a minimum, the licence holder is to prepare the following plans for consideration by the Environment Protection Authority : (i) Construction and decommissioning of pumping station - Construction Environmental Management Plan; (ii) Construction and decommissioning of eductor pipe station - Construction Environmental Management Plan; (iii) Pipeline and waterway intersections - Construction Environmental Management Plan

Notes:

1. The issue of a Waterway Works Licence does not negate other relevant planning controls and guidelines that may apply to the property. Nor does it negate other Commonwealth or ACT legislative requirements such as those that may be necessary under the Environment Protection Act 1997.
2. The issue of a Waterway Works Licence on lands under a rural lease may require a Development Application for the works associated with the Waterway Works Licence.
