

YOUR UTILITY SERVICE PROVIDERS

Icon Water owns, operates and supplies water and sewerage services to the ACT, and bulk water to Queanbeyan.

Icon Water's network includes dams, water and sewage treatment plants, reservoirs, water and sewage pumping stations, mains and other infrastructure.

Icon Water Limited is an unlisted public company, wholly owned by the ACT Government. Icon Water also has an investment in the ACT's energy distributor and retailer through a joint venture of two partnerships with each of Jemena Limited and AGL Energy Limited.

ActewAGL sells electricity and natural gas, along with managing customer service and marketing functions. Their services extends from ACT to Queanbeyan, Goulburn, Yass, Young, Nowra and Bega. ActewAGL Solar also sells PV solar and battery systems to ACT and NSW residents.

Through the joint venture, Icon Retail Investments Limited partners with AGL Energy Limited for the ActewAGL Energy Partnership.

Evoenergy owns and operates the electricity and gas networks in the ACT, Queanbeyan-Palerang area and Nowra.

Evoenergy is responsible for maintaining electricity and natural gas infrastructure, including installing and altering network connections, network maintenance, ensuring future supply, providing emergency response and conducting and promoting safety activities.

Through the joint venture, Icon Distribution Investments Limited partners with Jemena Networks for the Evoenergy Distribution Partnership.
